

Alex Johnson

Senior Mobile Application Developer

Summary:

Over 8 years of experience in mobile application development, specializing in cross-platform technologies. My last 5 years have been focused almost exclusively on using Flutter and Dart to build high-performance, scalable, and user-centric mobile apps.

Technical Skills:

- Programming Languages: Dart, Swift, Kotlin, JavaScript
- Frameworks: Flutter, SwiftUI, React Native (basic)
- Database: Firebase Firestore, SQLite, Realm
- Tools: Git, CI/CD (Codemagic, Bitrise), Jira, REST API, GraphQL
- Concepts: BLoC, Provider, GetX (State Management), SOLID Principles, Agile/Scrum

Experience:

Senior Flutter Developer | Tech-Mobil Inc. | 2019 - Present

- Led the development of a major e-commerce application from scratch using Flutter.
- Implemented complex state management (BLoC) structures using the Dart language.
- Handled integrations with Firebase and REST APIs.
- Mentored junior developers and ensured code quality through code reviews.
- Optimized CI/CD pipelines, improving weekly release velocity.

iOS Developer | AppSoftware Ltd. | 2016 - 2019

- Developed native iOS applications using Swift.
